17 February 1959

MEMORANDUM FOR: Director of Administration, DPD-DD/P

SUBJECT : Change of Air Force Specialty Code

1. In order to more realistically portray the duties, responsibilities and specialty qualifications of the position of the Officer in Charge at the Project Depot, it is requested that this position be identified by Air Force Specialty Code 0046 rather than 6416 as is presently the case.

2. The above requirement was generated by additional duties being assigned the incumbent of this position over the past two year period. Such duties include, but are not limited to, depot supply, procurement, maintenance and overhaul, condition inspection, transportation and determination of requirements. In addition, considerable liaison is required with other branches of the government as well as civilian managerial personnel.
